

## 'TEACHER RESOURCES' LESSON PLAN NO. 11

# 'HOLD MY HAND FOREVER MUMMY'

### SUITABLE FOR:

5 to 7yrs

### RATING:

Easy Moderate Hard

### VALUE:

This craft activity is very good for fine motor skills and it makes an excellent Mothers Day gift.

### WHAT YOU WILL NEED:

EC Sculpt-it

EC Pearl paints

EC art trays

EC heavy duty construction paper

EC PVA glue

### METHOD:

Mix the Sculpt-it to the directions on the packet and place a cup of the mix onto the centre of the art tray. Spread the mix out on the tray to enable the child to push their hand into the mix to form a hand print.

Allow this to dry over night.

Once dry, paint the hand prints with one of the six popular Pearl Paint colours.

Using the heavy duty construction paper, fold it in half to make a card, then glue the hand print on the front.

On the inside of the card write the child's name and date with the verse.

### VERSE:

'Hold my hand forever Mummy'.

### TIPS:

Alternatively the children can use a foot to make a print and write: 'I am one step closer to you Mummy'.
