

'TEACHER RESOURCES' LESSON PLAN NO 1

BLOCK PRINTED DIARY

SUITABLE FOR:

12+yrs

RATING:

Easy **Moderate** Hard

LEARNING OUTCOMES:

Design, Decorate.

TIME:

3-4 sessions

WHAT YOU WILL NEED:

Adigraf soft print

EC Block Printing colour

Note book

Thread

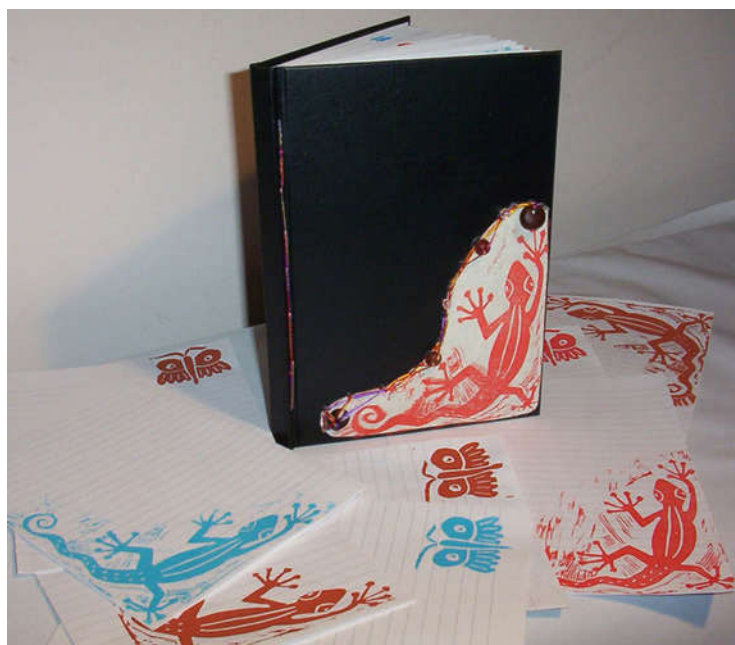

Beads etc. to decorate

Lino cutting tool

Lino rollers ((brayer)

Glass or large tile or similar to roll ink onto

Stanley knife or scalpel

METHOD:

Begin by designing your image and draw it onto the Adigraf sheet. If you choose a design that doesn't have a top or bottom you can use it in a number of different arrangements on the pages. I cut two images into my Adigraf sheet, a lizard down the bottom and a moth at the top.

Using a U or V shaped cutter, cut a shallow outline of the work. Take care as this will be the outline of your print. Remember to cut away from your body when using the cutting tool.

Cut away all areas that are not to be printed. Make sure they are deep enough that no ink will touch them when you roll it on.
