

'TEACHER RESOURCES' LESSON PLAN NO 5

CHRISTMAS STAR

SUITABLE FOR:

5 to 7yrs

RATING:

Easy **Moderate** Hard

LEARNING OUTCOMES:

Fine Motor Skills, Construction skills

TIME:

1 hour

WHAT YOU WILL NEED:

EC Funstix (24)

EC PVA Glue

EC Glitter Paint

Cellophane

Piece of card or mat to work on

Scissors

METHOD:

Work on the card or mat so you can shift your work to a drying area without damaging it.

Lay the Funstix out to make a star shape. (Refer to picture)

Glue together with small dobs of PVA, starting with the internal hexagon shape.

Cut cellophane into pieces and glue on to sticks.

Very carefully, turn the star over and paint the sticks with glitter paint.

When dry, tie some string to the top and hang it up.

This Christmas star has a stained glass window effect and will look lovely with the light shining through it.
