SECTION 1  Product & Supplier Identification

Product Name          Ready Paste
Other Names           None
Product Code          RP…
Barcode Number
Recommended Use       Starch based adhesive for arts and crafts.
Restrictions on Use   None known
Company               Educational Colours Pty Ltd
ABN                   61 005 708 967
Address               2/43 Burgess Road, Bayswater, VIC, Australia 3153
Telephone             +61 3 9729 0788
Supplier Code
Emergency Phone Number Australia – 13 11 26 (Poisons Information Centre)

SECTION 2  Hazards Identification

Classification of the hazardous chemical
- Physical hazards: Not classified
- Health hazards: Not classified
- Environmental hazards: Not classified

Label elements, including precautionary statements
- Hazard symbols: None
- Signal word: None
- Hazard Statements: The mixture does not meet the criteria for classification.

Precautionary statements
- Prevention: Observe good industrial hygiene practices. Do not get in eyes, on skin, or on clothing.
- Response: Wash hands after use.
- Storage: Store in a dry place. Store in a closed container.
- Disposal: Dispose of contents and container in accordance with local regulations.

SECTION 3  Ingredient Composition / Information

<table>

</table>

SECTION 4  First Aid Measures

Description of necessary first aid measures
- Eye: Irrigate with copious quantities of water for at least 15 minutes, lifting eyelids occasionally. Seek medical attention.
- Skin: Wash off with soap and water. If any symptoms arise seek medical attention.
- Inhalation: Move to a well ventilated area. Seek medical attention if symptoms persist.
- Swallowed: Rinse mouth with water. Give water to drink. Seek medical attention if symptoms persist.
Ready Paste
Safety Data Sheet

Personal protection for first aid responders
Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Symptoms caused by exposure
Direct contact with eyes may cause minor irritation.
Direct contact with skin may cause minor irritation.

Medical attention and special treatment
Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. Seek medical attention if symptoms persist.

SECTION 5  Fire Fighting Measures

Extinguishing equipment
Suitable  Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
Unsuitable  Anything that could spread the fire and or risk the safety of surrounding personnel.

Specific hazards arising from the chemical
This product is water based and does not burn. It may however support combustion when the water has been removed and gases hazardous to health maybe formed.

Specific protective equipment and precautions for fire fighters
Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

Hazchem Code  Not available.

General fire hazards  No unusual fire or explosion hazards known.

SECTION 6  Accidental Release Measures

Personal precautions, protective equipment and emergency procedures
For non-emergency personnel
Keep unnecessary personnel away from spill / leak. Wear appropriate protective equipment and clothing during clean up. Contain spill to prevent contamination to drains / water ways. Local authorities should be contacted if spill cannot be contained. Collect and seal in clearly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 “Personal Protection”.

For emergency responders
Keep unnecessary people away. Heed advice under Section 8 “Personal Protection”.

Environmental precautions
Avoid discharge to drains, water ways or onto the ground.

Methods and materials for containment and clean up
Large spills – Prevent spillage from entering drains or water courses. Stop leak if safe to do so and contain spill. Absorb using sand, vermiculite or other suitable absorbent material. If spill is too large or if absorbent is not available create a dam to stop the material spreading. Collect product and place into clearly labelled containers for disposal in accordance with local regulations. After spills wash the area preventing run off from entering drains. If a significant quantity enters drains, advise emergency services.

Small spills – Do not normally need any special clean up measures.
Never return spills to original container for re-use.
Launder contaminated clothing before storage or reuse.
SECTION 7  Handling & Storage

Precautions for safe handling
Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Avoid contact with incompatible materials refer Section 10 “Stability & Reactivity”.

Conditions for safe storage, including any incompatibilities
Make sure the containers holding this product are kept tightly closed. Keep containers dry and away from water. Make sure the product does not come in contact with incompatible products refer Section 10 “Stability & Reactivity”. Store in clearly labelled containers.

SECTION 8  Exposure Controls / Personal Protection

Occupational exposure limits (OEL’s)
No OEL’s noted for this product.

Biological limit values
No biological exposure values noted for this product.

Appropriate engineering controls
Use in a well ventilated area. If required use local exhaust ventilation. Provide an eyewash station.

Individual protection measures, for example personal protective equipment (PPE)

Eye protection
Not normally necessary when using this product, however if in doubt wear safety glasses or goggles.

Skin protection
Wear impervious gloves.

Hygiene measures
Use and maintain good industrial hygiene. Always wash hands after use. Routinely wash and maintain safety equipment and clothing. Do not eat, smoke or drink when handling this product.

SECTION 9  Physical & Chemical Properties

Appearance  White, translucent liquid
Odour  Slight odour
Odour threshold  Not available
pH  between 8.5 – 10.0
Melt point / freeze point  Not available
Boiling point  Not available
Flash point  Not available
Flammability  Not flammable (In liquid form)
Vapour Pressure  Not available
Vapour Density  Not available
Relative density  Not available
Solubility in water  Miscible
Specific Gravity  1.00 – 1.10

SECTION 10  Stability & Reactivity

Reactivity
This product is considered to be non-reactive under normal conditions of use, storage and transport.

Chemical stability
This product is considered to be non-reactive under normal conditions of use, storage and transport.
Possibility of hazardous reactions
No hazardous reaction known under normal use.

Conditions to avoid  No specific data available for this product.

Incompatible materials
Oxidising agents and acids.

Hazardous decomposition
If engulfed in fire product may give rise to the release of obnoxious fumes including oxides of carbon.

SECTION 11  Toxicological Information

Information on possible routes of exposure
Inhalation  No adverse effects expected due to inhalation.
Skin contact Minor irritation may be expected in some individuals.
Eye contact Minor irritation may be expected in some individuals.
Ingestion Expected to be low ingestion hazard.

Symptoms related to exposure
Minor irritation in some individuals,
Skin contact - symptoms may include redness, heat and itching.
Eye contact - symptoms may include stinging and redness.

Acute  No specific data available.

Skin corrosion / irritation
Prolonged skin contact may cause minor irritation in some individuals.

Serious eye damage / irritation
May cause minor irritation in some individuals.

Respiratory or skin sensitisation
Not a respiratory sensitizer.
Not expected to cause skin sensitisation.

Carcinogenicity  No data available.

Reproductive toxicity
This product is not expected to cause reproductive or developmental effects.

Additional Information
This product does NOT contain,
Egg, dairy, soy, seafood, shellfish, wheat or peanut products, by-products or derivatives.

SECTION 12  Ecological Information

Ecotoxicity  No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

Persistence and degradability  No specific data available.
Bio accumulative potential

No specific data available.

Mobility in soil

No specific data available.

SECTION 13 Disposal Considerations

Disposal methods
Dispose of this product and any water contaminated with this product in accordance with local regulations.

Contaminated packaging
The container in which the product is/was contained should also be disposed of in accordance with local regulations.

SECTION 14 Transport Information

ADG
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

Special Precautions
No special precautions or requirements for transport

SECTION 15 Regulatory Information

Safety, health and environmental regulations
This Safety Data Sheet was prepared in accordance with Safe Work Australia’s Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

AICS
All components are listed in the Australian Inventory of Chemical Substances.

SECTION 16 Other Information

Reason for Revision
Review and update information in accordance with GHS requirements.

Whilst every care has been taken in compiling these instructions, Educational Colours Pty Ltd, its employees, contractors and agents neither warrant nor represent that the material published herein is accurate or free from errors or omissions.
