

MATERIAL SAFETY DATA SHEET (STENCILS - plastic)

Revision: Number 1
Date 16 January. 2008

SECTION 1 Product & Supplier Identification

Product Name : Stencil (Applicable to all plastic stencils)

Other Names : None

Company : Educational Colours Pty Ltd

Address : P.O. Box 657, Croydon, Victoria, Australia 3153

Telephone : (03) 9729-0788 **After Hours :**

USE : An aid for drawing or creating art, craft or play items. To be used with paint, ink, pencils, etc.

SECTION 2 Hazards Identification

Not classified as hazardous according to the criteria of Worksafe Australia

Dangerous Goods Class/Subsidiary Risk : None

Safety / Risk Phrases : None

SECTION 3 Ingredient Composition / Information

<u>Chemical Entity</u>	<u>CAS No.</u>	<u>Proportion (to 100%)</u>
Polypropylene Homopolymer	9003-07-0	>95%
Stabilizers	trade secret	<5%

SECTION 4 First Aid Measures

Swallowed : Unlikely to be required, however should symptoms appear seek medical advice.

Eye : Unlikely to be required, however should the eye be scratched medical attention may be required.

Skin : Unlikely, however if skin is cut treat symptomatically.

Inhalation : Not required, as product does emit vapours.

MATERIAL SAFETY DATA SHEET (STENCILS - plastic)

SECTION 5 Fire Fighting Measures

Extinguishing Media : Use CO₂, Dry chemical or water.

Fire / Explosion

Hazards : Product is not combustible. Persistent exposure to flame will ignite the material. Product will melt and drip which may cause fire to spread. Toxic fumes may evolve including oxides of carbon and other unidentified organic compounds.

Flammability: See above. Will burn if exposed to persistent flame.

SECTION 6 Accidental Release Measures

Spills & Disposal : Sweep up any broken pieces and place into a container for disposal in accordance with local regulations. Any undamaged items can be collected and used for resale purposes.

SECTION 7 Handling & Storage

General : Store away from sources of heat, sparks and flame. Store in clearly labelled containers. Be aware that handling larger amounts can have static charges develop which could be a source of ignition.

SECTION 8 Exposure Controls / Personal Protection

Exposure Standards : No value assigned for this specific product by the NOHSC.

Engineering Controls : No special precaution necessary heed warning in section 7 about potential static build up.

Personal Protection : Use and maintain good industrial hygiene. Always wash hands after use. Do not eat, smoke or drink when handling this product.

SECTION 9 Physical & Chemical Properties

Appearance : Solid plastic sheet (various sizes, shapes and colours).
Odour : Nil.
pH : Not applicable
Vapour Pressure : Not applicable
Boiling Point : Not applicable
Melting Point : Not applicable
Solubility in water : Insoluble
Specific Gravity : Not applicable
Flammability Limits : Not combustible. If exposed to persistent flame product will burn.

MATERIAL SAFETY DATA SHEET (STENCILS - plastic)

SECTION 10

Stability & Reactivity

- Chemical Stability :** This product is considered to be stable.
- Conditions to avoid :** No specific data available for this product. However, it is recommended that sources of heat, sparks and flames be avoided.
- Incompatible Materials :** Strong oxidising agents and acids.
- Hazardous Decomposition :** If engulfed in fire product may give rise to the release of obnoxious fumes in particular oxides of carbon and other unidentified organic compounds.
- Hazardous Reactions :** This product will not undergo hazardous polymerisation.

SECTION 11

Toxicological Information

There is no specific toxicity information available for this product. There are no adverse health effects expected if the product is handled in accordance with this Safety Data Sheet. Symptoms that may arise if the product is mishandled are;

Health Effects - Acute :

- Swallowed :** No data supplied, small broken pieces may cause choking or have sharp edges.
- Eye :** Sharp edges may cause cuts.
- Skin :** Non irritating under normal conditions of use, however sharp edges may cause cuts.
- Inhalation of Vapours :** No data supplied, product does not emit vapours.

Chronic Effects : No known serious effects.

Additional Information : (i) This product contains no egg, dairy, wheat or peanut products, by-products or derivatives.

SECTION 12

Ecological Information

- Ecotoxicity :** No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Dispose of contaminant in accordance with local landfill or incineration regulations.
- Persistence / Degradation :** No specific data available.
- Mobility :** No specific data available.

MATERIAL SAFETY DATA SHEET (STENCILS - plastic)

SECTION 13

Disposal Considerations

Disposal Methods : Dispose of this product in accordance with local regulations. The container in which the product is / was contained should also be disposed of in accordance with local regulations.

Landfill / Incineration

Precautions : Disposal of contaminant should be in accordance with local regulations for approved landfill or incineration.

SECTION 14

Transport Information

U.N. Number : None allocated
Shipping Name : None allocated
D.G. Class & Sub Risk : None allocated
Packing Group : None allocated
Special Precautions : No special precautions for transport
Hazchem Code : None allocated

SECTION 15

Regulatory Information

Poisons Schedule : None allocated

Additional Requirements : None

All known components are listed in the Australian Inventory of Chemical Substances.
